

# NGUYEN DANG LOC

Software engineer

I am a self-motivated and intensely passionate software engineering student with 4 years of experience in programming. I'm creative, open-minded and desire to be a multi-tasker. I believe that my fast learning abilities, dedication to achieve and several awards in relevant fields make me best candidate for this role.

## About Me

Male

January 17, 2002

District 9, HCM City, Vietnam
